

BESPOKE PRODUCTS AND SERVICES REBRANDED TO YOUR BUSINESS.

We can help any business, from telcos, airlines, banks, hotels, cruise ships and gyms, to stay relevant on one single, centralised and scalable platform. Giving end users what they want before they even know they want it. Whether it's sophisticated audio-video streaming, cutting-edge gaming or simpler legacy mobile content; our bespoke mix of products and back-end services have the power to create memorable experiences that switch global brands on.

PRODUCTS.

Music

Songs/albums/artists without limits. Our cutting-edge music portal gives your users access to new releases and old favourites via radio, streaming, downloads, curated or genre-specific playlists – so you can happily know they'll keep listening.

Gaming

Play to the future. 1000s of top-quality games from 26+ publishers, all customisable to your brand. Easily accessed on our mobile webshop (for all devices) or our Android app. Your users can now play, win, lose, learn, compete, create, achieve – all within your brand world.

Video

Explore, stream, share: video-on-demand is quickly overtaking traditional TV and film. Our diverse video options let you unlock new worlds for your users; offering a seamless experience, no matter the location or mobile coverage. With Mondia, your brand adds colour to life.

M-health

Harness the world's biggest digital trend. We offer wide health and wellness content, carefully tailored to specific markets and topics. Health tips, advice, insurance and more. Backed by best practice expertise and global partnerships, compliant with WHO, UN Global Fund and UNICEF. Answer your user's diverse health questions, all in one place.

Sports

Score big with sports enthusiasts. Mondia gives your users round-the-clock access to games, fixtures, teams, breaking news, anthems, training videos and loads more. Team up with Mondia to bring the game to them.

Lifestyle

Linking technology and life. A diverse range of lifestyle products include the likes of a kid's video portal (+ parental control); special content for new mums; unique dating services; and tons of other content for fitness lovers, foodies, women and other interest groups. Be a part of your users' daily life.

SERVICES.

Portal & lifecycle management

We've got all aspects covered. Outsource your partner management, content management and subscriber lifecycle management to our expert team and we'll make sure you operate on only the latest in web, tablet and app tech. Your always-on, specialist back-up team.

Customer experience

Play to the future. 1000s of top-quality games from 26+ publishers, all customisable to your brand. Easily accessed on our mobile webshop (for all devices) or our Android app. Your users can now play, win, lose, learn, compete, create, achieve – all within your brand world.

Mobile financial services

Changing how people pay. Financial flexibility is a key advantage in emerging markets. Mondia Pay provides a simple, fast and secure way to pay using a phone account. No credit card needed. Find out more about quick and convenient Mondia Pay.

Mobile advertising

Right market, right message, right moment. We use advanced data analytics to help you find your audience, engage and entertain them, boost revenue, manage churn, and expand your database. Ultimately, we'll help revolutionise your brand image.

API integration

Improved development tools to make access easier than ever. Powerful APIs and SDKs provide seamless access to our vast catalogue of music, games, videos, news and books. From grassroots apps to advanced custom-builds, we enable one-touch third-party integration and distribution.

Hosting services

Make our home your own. Our hosting solutions are tailored to meet your business needs. From dedicated servers to cutting-edge cloud-based solutions, we set everything up and help to manage it 24/7/365.

Advanced data analysis

Experience is everything. We provide and interpret data (powered by advanced analytics) that helps decision-making. We give you the tools to make sense of your customer's behaviour, so you can offer them the best experiences there are to be had.

Licensing & content management

Grow your reach. As leaders in content licensing and royalty settlements, we help you recognise opportunities in new markets. As partners to the world's biggest publishers, we bring your customers quality content and management solutions that create seamless functionality from aggregation/absorption to high-definition content.
